## High School Enrollment Conferences Feb. 11 and 20

Enrollment conferences will take place from 3 p.m. to 6:30 p.m. on Tuesday, Feb. 11 and Thursday, Feb. 20.

In preparation for those two nights, students are in the process of choosing their courses for the coming school year during their advisory class. English, math, history and science teachers will make course recommendations for each of their students. These teacher recommendations will serve as the beginning point for students and parents to evaluate, discuss and make the final decision about course requests for next year.

The [2020-21 high school course planning guide](#) can be reviewed for a list of offered courses, some of which require [applications](#). Additionally, [enrollment videos](#) can be viewed on the district's Youtube channel to help students and parents become more familiar with the wide variety of high school academic courses. To help select appropriate courses, students can download the following high school graduation checklist:

[Students graduating in 2021-2022](#)

[Students graduating in 2023-2024](#)

Once students have made their course selections, parents who agree with their child's choices and have no further questions may simply email advisory teachers to let them know that they agree with their child's course selections and **do not need a conference**. Parents who have questions about course selections will have the option of signing up for a 20-minute conference with the advisory teacher during the Feb. 11 and 20 conference period.

## Semester Grades Available on HAC

First semester grades are now available in the Home Access Center (HAC). Log in instructions can be found on the [website](#), and students should use their regular school username and password to access HAC. Parents can also create a username and password to access HAC, and grades can be retrieved under the grades tab. Parents should contact their child's grade level office if additional assistance is needed.
