

# Steve FULPS

*Class of 1970*

One part lifelong Broken Arrowan, two parts business owner, three parts baseball coach, four parts bass fisherman...too many parts? Not if you know Steve Fulps, and if you've been around long enough, you know 'em. Well beyond retirement age, Steve just keeps on going...his friends and classmates say this is because he lives for competition - among his hobbies are tournament bass fishing, bird hunting, raising cattle, and giving back to the school system and community that mean so much to him, in an effort to make them the very best.

A BA graduate in 1970, for at least 40 years Steve Fulps has served the community well. He co-founded Abatement Systems, Inc in 1986 an environmental remediation company that not only provides environmental safety to BA Public Schools but also around Oklahoma and neighboring states. He also manages his family's 70 year old business, Arrow Exterminators, founded by his late father, Bud Fulps, which is located on Main Street. Under his watch, Arrow was named 2020 Business of the Year by the Broken Arrow Chamber of

Commerce. Both businesses have experienced many successful decades due to Steve's business expertise and determination for excellence.

Examples of Steve's commitment to BA range from service as a Broken Arrow Youth Baseball board member, longtime youth baseball coach, and BA High School Baseball Booster Club president, BA FFA booster and lifetime member and he took the lead in building the Broken Arrow FFA Alumni Barn on 101st Street and County Line Road. It was also Fulps who donated labor and materials to construct the BA baseball stadium outfield fence, dugouts and backstop and initiated construction of the indoor baseball and softball practice facility.

Professionally, he served as President, and remains a life director of the Tulsa Home Builders Association.

Fulps and his wife Cindy have three children - Steven, Farrah (his favorite daughter) and Tyler. All three graduated from Broken Arrow High School. The Fulps also have 6 grandchildren, Evan, Shelby, Makenzie, Easton, Grayson, and Grady.
