

SECTION VI: BUSINESS, TECHNOLOGY & OPERATIONS POLICY 6060

DONATED FOOD ITEMS FOR MEAL PREPARATION FOR FUND-RAISING ACTIVITIES

Due to difficulties experienced in using donated food items (even though properly packaged), the policy of the Broken Arrow Board of Education shall be to advise sponsors of school fund-raising projects that donated items cannot be used in meal preparation.

The time involved in obtaining approval of donated items by the health department, in obtaining quality control because of variety of brands, and the screening of eligible and non-eligible donated items requires an excessive amount of time by Child Nutrition Programs staff without compensation to staff and/or Board of Education.
